EDUCATION

Degree	Specialization	Institute	Year	CGPA
B.Tech	Computer Science & Information Technology	QIS College of Engineering and Technology	2026	8.8
Intermediate	Physics, Chemistry, & Mathematics	Pragna Junior College	2022	9.53
SSC	-	RBS High School	2020	9.98

SUMMARY

- Highly motivated and fast-learning student with a solid academic foundation. Eager to contribute, grow through real-world experience, and prove myself through dedication, adaptability. Committed to leveraging strong analytical thinking and collaboration skills to drive measurable outcomes in challenging environments

TECHNICAL SKILLS

- Programming Languages:** Python, Java, Data-Structures(basics)
- Frontend:** HTML, CSS, JS(basics).
- Database:** MYSQL.
- Data Visualization:** Power-BI.
- Soft Skills:** Effective Communication, Problem-Solving, Time Management Leadership qualities.

PROJECTS

- LOST AND FOUND PORTAL**
 - Designed a **Lost and Found Portal** A simple, student-friendly web portal to report and find lost items within a college campus. Many students lose personal items like ID'S, halltickets in college. This web portal is a simple solution. Technologies used: Python, HTML, CSS, JS, Flask MYSQL. ([link](#))
- GAMING HUB**
 - Developed a **web-based gaming platform** using Python, HTML, CSS, JavaScript hosting multiple interactive mini-games like GK Quiz, Rock Paper Scissors, Snake Ladder and Anagram-Solver. ([link](#))

CERTIFICATIONS

- Certified in Python, Codetantra** – ([link](#))
- Java Programming Certification, Hackerrank** –([link](#))
- Web development Certification, Infosys** –([link](#))

INTERNSHIPS

- Edu-Skills**
 - [Python FullStack Intern](#)-Built Python features to improve app performance that helped backend logic.
 - [Java FullStack Intern](#)-Created a secure and efficient Java login system and refactored the code into reusable modules, improving logic clarity and enabling faster feature updates.
- Prodigy-Infotech**
 - [Web development Intern](#)-Gained hands-on experience designing responsive web pages, integrating them with backend systems and debugging application logic to improve user experience and code quality.

EXTRA-CURRICULAR ACHIEVEMENTS/ACTIVITIES

- I consistently ranked among the top 2 students in both school and college(class-level) for academics.
- Participated in AINCAT2025 India's largest career aptitude test hosted by Naukri Campus and secured a rank within the top 14,000 nationwide. ([link](#))
- Attended a Learnathon conducted by GUVI and earned a certificate for completing "SAWIT-AI."gaining hands-on experience in basic AI model creation and its real-world applications. ([link](#))
